TNGS SWIMMING GALA

It was great seeing children, parents and teachers swimming away during our first TNGS swimming gala on Tuesday, 13th February 2018 at Machame Health Club. The event kicked off with the young children exhibiting how confident they were in the water by walking across and jumping in the pool. Some of the confident jumps took the crowd by surprise, for instance Tyrone Kameri summersaulted into the pool while Janice Atugonza Year 2 and Elaine Himbisa Year 1 demonstrated some fantastic jumps. There were a number of noodle races that children were able to participate in. Children swam across the shallow end of the pool, while others did the front crawl, backstroke and yet others were involved in the noodle race relays.

For the more competitive races, we had the front crawl, breaststroke, butterfly, individual medley and canon relay in which parents participated. Nine parents took part and we are highly appreciative of this team spirit. Inevitably, there was a lot of excitement as the different houses cheered their swimmers to the finish line.

Our aim was to ensure that every child took part in the swimming gala, however, due to unforeseen circumstances, we acknowledge that some children were left out while others had only one race. There were a number of challenges that we faced when organizing and during the swimming gala. For instance, some houses had no representatives in some races; there were fewer able swimmers; the age range challenge: when the younger ones were swimming the older ones were bored and vice versa. In addition, not all the children got an opportunity to take part in as many races as they would have wished to. Consequently, many were disappointed. There are always lessons to learn after every event and so did we after this one. In order to mitigate the challenges we plan to have two swimming galas next year. The younger children (Years 1, 2 and 3) will have their own swimming gala while the older children will have their separate one. We hope that this will provide opportunity for all the children to swim in varied races and explore their talent to full potential.

We would like to thank the parents for your time; for taking part; for providing all that the children needed; for coming and cheering and for the positive and constructive feedback. A big thank you to the house teacher leaders, captains and vice captains. We believe that with you on board our next swimming galas will surely be bigger and better. Congratulations Wind and Fire.

POETRY WEEK

Poetry gives learners an opportunity to: express themselves, through writing, use of language, explore their creativity and to apply figures of speech. Also poetry builds the learners' confidence through recitals, performance and presentation to different audiences – to peers and parents. This is why poetry is an integral part of the curriculum right from early years foundation stage to secondary. Every year group covers a unit of poetry each term.

Given this background, TNGS will be holding a Poetry Week once a year and we are pleased to inform you that our very first week will be held from 5th to 9th March 2018 as shown on our events calendar.

During this week we shall have various activities that children, parents and teachers will take part in. To crown the Poetry week, we shall have a Poetry evening on Wednesday, 7th March 2018 starting at 5 o'clock. Children and teachers will have the opportunity to read or present their poems. We implore families to register with the school should they be interested in presenting a poem as a family. More still, parents should feel free to compose or recite a poem by their favourite poet. We anticipate an exciting week with prominent poets, visiting classes and reading to the children.

WEEK'S MEMORY VERSE

Do you not know? Have you heard? The Lord is the everlasting God, the creator of the ends of the earth. He will not grow tired or weary, and his understanding no one can fathom. He gives strength to the weary and increases the power of the weak.

Isaiah 40: 28-29
