

Outdoor learning

More to come.

UPPER PRIMARY GOING TO FORT PORTAL.

Primary school

Lower primary outdoor learning trip
What an exciting week it has been! The children had a fun and educative trip to the Riham Factory in Kawempe on Wednesday 6th July 2018. Specifically they visited the Biscuits section where they learnt about the different stages and processes of how biscuits are made. Excitement and joy filled their hearts.

YEAR 3

This week was amazing and awesome because of exams and what we have been learning in class. In Math, we have been learning about rounding off to the nearest 10 or 100, for example 37 to the nearest 10 is 40. and that is why i loved this wonderful week.

Keith Kaziro

YEAR 5

On our journey on the plant life cycle, We were thrilled to observe flowers with colourful petals develop on our plants in the garden. We are now certain that pollination will be the next phase. We cannot wait to observe seeds and their pods develop. This will be after fertilisation.

Ms. Ritah Nantezo

Year 6

Year six led their very last assembly as primary pupils. The main focus was forgiveness and the different acts were educative, informative and entertaining.

Ms. Samantha Namanya

Guiding Scripture for Next Week

OUR SALVATION

If you declare with your mouth, "Jesus is Lord," and believe in your heart that God raised him from the dead, you will be saved.

Romans 10:9

Star of the Week

- Year 1 LN Sean Mark Massa.
- Year 1 ZA Jesse Iriho
- Year 2 Eli Ssempe
- Year 3 Oprah Kameri
- Year 4 Stephen Kyalo
- Year 5 Erling Kizito
- Year 6 William Makanga

YEAR 4

We learnt about personification. For example The tree waved at me. I dare you to use personification! It is giving a non-human thing human characteristics. Personification makes your writing interesting and fancy
Zuri Tatiina

House Points

- | | |

| 4. Water | 2,163 |

Secondary school

Secondary outdoor learning

From 4th to 8th June, 13 secondary students together with the three teachers and Head of Secondary have been on an out door learning trip. The group has been residing in Rugando, Mbarara district . Among the activities carried out included a visit to two native homesteads to study about natives' livelihoods,an 8.5 km hike on Kamurishendwa hill, a visit to the pine forest, a game drive through Lake Mbuho National park which is famous for having a population of over 30,000 zebras and antelopes, a visit to Igongo cultural centre (with. Museum) and country hotel, a hike up Biharwe Eclipse hill 1520 and milking of cows by students. It has been an exciting learning experience

Mr. Jude Kakuba

There has been a lot of learning especially working together as a team. That is what I was thanking them for. By being resilient to climb a hill, this shows that they can equally be resilient to meet academic challenges and never to give up on anything. That was my message this morning. Exploring their potential.
Mrs. Sophie N. Bamwoyeraki
