

**Thank you very much Year 1LN for the assembly**

**Year 9 Science Experiments. Comparing the density of liquids.**

**Lost Property**  
We would like to inform you that our lost and found box is full to the brim with lots of unlabelled uniform items – sweaters, socks, water bottles, swimming costumes and many more. Some items are as good as new which is really unfortunate. In case your child has lost something, please pass by and have a look.  
**PLEASE LABEL YOUR CHILD'S BELONGINGS.**

**Year 1**  
Year 1 children have been introduced to the topic of toys. They were thrilled to learn about the different types of toys.

**Year 2**  
Our objective this week was to map our world. Previously, we had looked at what makes a good map. Like a spy flying high up in the air, the children got busy visualizing and mapping their classrooms, the school and their rooms. They did a pretty awesome job.

**Year 3**  
It was quite thrilling for the children to find out that humans are vertebrates. The children were ecstatic to find out that a snake too has a backbone.

**Year 4**  
"Imagination is the only weapon in the war against reality" Lewis Carroll- Alice in Wonderland.  
The children got creative and inventive as they cracked their brains to write riddles. This activity was mind-blowing...Do you think that you can solve any?  

- I have a thousand legs and one body. Who am I?
- I know of two brothers who live opposite each other yet never visit each other? Who am I?
- I am colourful, wonderful and all the funny things you can possibly think about? Who am I?
- I am mysterious but when you find me, I am nothing serious. Who am I?
- What starts with P, ends with E and has many letters?

**Year 5**  
Pour yourself a glass of water and take a sip. Did you know the earth has been recycling water for over 4 billion years?  
The world's water moves between lakes, rivers, oceans, the atmosphere and the land in a continuous system called "The Water Cycle."

**Year 6**  
The children have learnt to decrypt the alphabet runes of the Anglo Saxons. The children learned how to link various letters to each runic alphabet and how to write sentences using the Anglo-Saxons runic alphabet.

**Spelling Bee**  
What a joy it was to see the children in the Spelling Bee Club compete in the concluded Spelling Bee club competition that happened on the 29th of November 2018. Below are those who performed well from each class:  
**Kaniel Israel Y1, Elijah Mukuru Y2, Jason Lamar Y3, Elizabeth Birungi Y4, Solomon T. Ssemaganda Y5, Daniel Kiguli Y6**

**The Christmas Story-God Cares**  
13th Dec.

**Week of End of Year Examinations**  
The secondary school this week was buzzing with a mixture of teacher-led and free revision and it was common to see students discussing and exchanging thoughts about various subjects. This is the first end of term examination this academic year and it has been met with mixed reactions. Some students are a bit nervous while others are not worried at all. We have encouraged all the students to put a lot of effort into their revision and we continually remind them of Creativity, High achievement and Tenacity. Much as our focus is on high achievement, tenacity caters for those who will have put in a lot of effort but attained a low mark; so, it all boils down to effort and commitment. We do not expect everybody to feature in the upper percentile but we expect everybody to exhibit their utmost effort.  
During learning to learn lessons, students were introduced to varied revision techniques and they were advised to choose a method that they felt would work for them. I was very pleased to see that a number of students have actually acquired revision books; although, sadly, some revision books were literary empty without any summaries as yet. Quite a number of students revealed that they were going to block out this weekend and the rest of the week specifically to study. Again, we wish to request parents to offer the necessary support at home so that children can have ample time to revise well.

**Secondary School Guest Speaker**  
On Wednesday 28th November, the secondary school will host Mr Kyaka, a renowned motivational speaker, talk to the students on the theme: 'Why should I care to pay attention to my studies at this moment in my life?'. As we end the term, we are aiming at ensuring that we shall all go for the Christmas Break when we are sharing the same thoughts. Mr Kyaka, Karibu!

**Term 2**  
It is time for us to start planning for Term 2. School fees invoices will be coming to you on Monday. A kind reminder that Term 2 will begin 3rd January and end on 22nd March 2019. We also expect that by then school fees will have been cleared.

**Michelle Atuhaire receiving memory verse winner certificate**

**Year 9 Assembly**  
Lovely angelic voices!  
Thank you.

**Meet Mercy Nanozi Kirabo Genale**  
"I would like to become a lawyer. This could be related to the fact that I ask many questions"  
Read the rest of the story on the Secondary school notice board

**Mercy Nanozi Kirabo Genale Year 9**

**Star of the Week**

Year 1 LN	Elijah Moti Ochieng
Year 1 ZA	Cala Nalumu
Year 2CW	Levi N. Musiime
Year 2CA	Timona Hilda Oganga
Year 3	Annabelle K. Nduhukire
Year 4	Jayden Yata Manzi
Year 5	Jordan Kafeero
Year 6	Divine Nicole Lakica

**House Points**

1. Wind	1176
2. Fire	1113
3. Water	1100
4. Earth	992

**NEXT WEEK'S MEMORY VERSE**  
Even youths grow tired and weary, and young men stumble and fall; but those who hope in the LORD will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint.  
**Isaiah 40: 30 -31 (NIV)**

**Memory Verse Champion**

**Michelle Atuhaire Year 7**
