

**Thank you Year 1ZA for a very entertaining assembly!**

**Year 8 researching on types of teeth, structure of teeth and how to care for teeth.**

### Kampala Leadership Hub's Parenting Class

Growth- physical, mental and spiritual- takes place with every moment that passes. It is in our childhood when growth happens most swiftly and radically. Having these little ones with us for most of the day makes us child-minders and caregivers. Consequently, TNGS has prioritized training of teachers on how to impart learning skills and values into the children which will help them to become responsible adults that can contribute positively to society. We, therefore, attended parenting classes that were conducted by Kampala Leadership Hub a fortnight ago. Our take home was that discipline is a practice that starts from the heart and that making a child feel unconditionally loved is a crucial element of good discipline. Love must be at the centre. We also learnt that loving a child begins with knowing them and understanding their specific needs. Take time this week to observe your child (ren) and notice what they ask for or complain about the most. Also, encourage and praise the children as often as possible.

**-Ms. Khasalamwa**

**-Ms. Wanjiku**

### Year 1

Year 1 has just concluded the topic of the traditional tales which the children found amusing and sensational. The children were tasked to re-arrange a story of "The Three Little Pigs" using picture cutouts.

### Year 2

We have been on a material hunt this week. The children went into detective mode by examining whether the materials could bend, twist or stretch. They were also able to recognise the materials that were waterproof, magnetic and natural.

### YEAR 3

The children were tasked with addition that involved carrying forward and for those that love to rush over tasks; this was a calm down antic for them. In literacy, the mysterious but strange land of synonyms triggered unexplainable questions and giggles. Pupils enjoyed the topic.

### YEAR 4

The world of make believe captivated the children during the Fantasy lesson in English. They discovered that our imagination is our limitation.

### Year 5

Learning about decimals in Maths seemed challenging before but I'm happy that I can add, subtract and round off numbers with decimal places now. Using the Atlas to study about the different types of maps stood out for me in Geography. On the other hand, exploring through modelling, the sun does not move but its apparent movement is caused by earth's spinning on its own axis, was quite fun in Science.

**Larry Chase Nyakojo**

### Year 6

During the geography lessons, the children have been studying about rainforests, the different types of rainforests and at the end of the topic they were asked to design a poster about the rainforest.

**These were the winning posters.**

### Critical Thinking

In the Critical Thinking lesson, Years 7-9, students were engaged in a discussion and they responded to questions that required them to evaluate their capacity of critical thinking. They answered specific questions on how to analyse and critically evaluate ideas, they assessed their abilities when listening and when taking part in discussions with friends, parents and teachers. The questions were about identifying assumptions, weighing competing evidence, making decisions, imagining alternatives, and building arguments. The situations were tailored to their age group and their responses were amazing.

### Rev. B. Yeboah moves students

During the Secondary School Assembly, the guest speaker was Rev B. Yeboah. He preached on salvation and his simple but powerful message moved many, who chose to consider having a close relationship with The Saviour. We thank God for this opportunity. The school policy is not to proselytize students so the children whose religions do not believe in being born again, were asked to listen only.

### Secondary School Assembly: Parents Invited

The secondary school assemblies take place on **Wednesday from 7:45 a.m. to 8:40 a.m.** Come and join us please.

## Meet the student

Angela Arinaitwe Kanyamurwa

**"My parents keep discussing their business ideas with me and I feel proud to be well informed about what they are involved in."**

Read the rest of the story on the Secondary school notice boards

**Angela Arinaitwe Kanyamurwa Yr 9**

## Reminder

We are delighted to invite you for an all parents' information morning tomorrow, **Saturday 2nd February 2019 from 10.00 a.m. to 12.00 p.m. at the primary school.**

## Star of the Week

Year 1 LN	Ethel Nsiima
Year 1 ZA	George K Wajir
Year 2CW	Heaven L Ntate
Year 2CA	Gerald T M Kayondo
Year 3	Kolaiiah K Kemirembe
Year 4	Ethan Ainebyona
Year 5	Kennedy Kipngeno
Year 6	Ryan J Kawuma

### House Points

1. Wind	2109
2. Fire	1956
3. Water	1885
4. Earth	1744

### NEXT WEEK'S MEMORY VERSE

10 Don't be afraid, for I am with you. Don't be discouraged, for I am your God. I will strengthen you and help you. I will hold you up with my victorious right hand.  
**Isaiah 41:10 (NLT)**

### Secondary School Memory Verse Champions

**Elizabeth Kintu Year 7  
Michelle Atuhaire Year 7  
Nicole Kiica Year 7  
Katie Kamanyire Year 7**
